LinkedIn Groups

Group: Higher Education Teaching and Learning

Subject: Announcement from the Higher Education Teaching and Learning Group on LinkedIn

Dear HETL Members and Researchers,

Please join us in the HETL Scholarship subgroup if you are looking to collaborate on research projects with other educators. To join is easy. Go to the HETL main group in LinkedIn and select the Subgroups option under the More tab and then select the Scholarship subgroup. Or click on the link <http://linkd.in/d6Hb7V> to access the subgroup directly. This subgroup is where networking with other members on research projects is taking place. Please write to me directly if you have any questions.

Patrick Blessinger
Executive Director
